

# What to Do When You Have Questions

*“Have not I written to thee excellent things in counsels and knowledge, That I might make thee know the certainty of the words of truth; That thou mightest answer the words of truth to them that send unto thee?” (Proverbs 22:20-21)*

- 1. Keep asking questions but don't expect anyone to have all the answers.**
- 2. Know who to ask, when to ask, and how to ask.**
- 3. Spend time in the Bible and prayer yourself, and many of your questions will be answered.**
- 4. Don't reject the truth because you don't understand one part of it.**
- 5. Accept the fact that every question does not have a simple, single sentence answer.**
- 6. When you still have questions, go back to what you know for sure.**
- 7. Share the answer with others.**

*“But sanctify the Lord God in your hearts: and be ready always to give an answer to every man that asketh you a reason of the hope that is in you with meekness and fear:” (1 Peter 3:15)*
